

## All Your Emails and Phone Calls in One Place

Integrate your Zultys IP phone system with Microsoft Outlook to expedite your communications. Save time looking back and forth between programs as you dial. With Zultys, everything you need is in one window.

Zultys Outlook Communicator and Microsoft Exchange Communicator work together to create a single communication and collaboration platform for teammates across Zultys and Outlook.

**Voicemail to Email**  
Get a transcript of a voicemail message emailed straight to your inbox, alongside the call back information

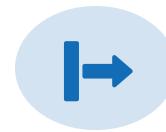

**Click to Dial**  
Initiate calls by clicking on the phone number in an email

**Presence State in Outlook**  
View coworkers' Presence as you are typing an email to them

**Calendar Synchronization**  
Automatically change phone system Presence state based on your Outlook calendar

**Send Fax and Voicemail Files**  
Drag and drop voicemail and fax files to send as attachments

## Requirements:

- Microsoft Windows 10, Windows 8, Windows 7, Windows Vista, or Windows XP
- Requires the installation of a 32/64 bit of Microsoft Outlook 2007 Service Pack 2, Outlook 2010, Outlook 2013, or Outlook 2016
- The Zultys Outlook Communicator software and a valid user license
- The following MAPI providers are also supported: Microsoft Exchange 2003/2007/2010/2013/2016, both cached and non-cached, and PST
